

Saving Pound Dogs Cyprus is a charitable, non-profit organisation dedicated to rescuing and rehoming stray dogs from Cyprus to safe loving homes in the UK and across Europe.

Run exclusively by unpaid volunteers, SPDC provide the dogs with medical care, food and shelter within both our own sanctuary and municipal pounds whilst making every effort to find them their 'right' forever home.

Every dog should know the joy of a home, and every home should know the joy of a Cyprus rescue dog.
